

FOALS FIRST®

STARTER & CREEP

FEATURES

- Improved formula!
Now with Pre & Probiotics & more Amino Acids
- Milk based transition feed
- Concentrated feeding levels
- Chelated trace minerals

Packaging: 50 lb Poly Bags

FOALS FIRST® Starter & Creep Designed as an easy to digest creep feed to be offered free choice to all foals. The ingredients are a combination of the best quality milk and cooked grains, with vitamins and chelated minerals added. It is formulated to complement the young foal's digestive system and support healthy growth and development in all foals under 4 months of age.

GET THE FOALS FIRST® STARTER & CREEP ADVANTAGE:

- A very versatile foal feed designed to be offered free choice to:
 - 1) Nursing foals who are drinking milk from the mare.
 - 2) Orphaned foals, in addition to drinking FOALS FIRST® Milk Replacer in solution.
 - 3) As sole feed for foals orphaned after 3 weeks of age that will not drink milk replacer.
- Nutritionally balanced and fortified to meet the specific nutrient demands of young, growing foals and complement mare's milk or foal milk replacer.
- Contains a combination of easy to digest ingredients in an easy to feed pellet.
- Healthy growth, development and digestion.
